This year's Rock for Life Recipient: Abby Bowser is a 14 year old who was diagnosed with Primary Sclerosing Cholangitis with AutoImmune Hepatitis Overlap which requires a Liver Transplant. Abby loves to be on her iPhone, keeping up with her friends on Facebook, SnapChat & Instagram. She's in 8th grade & goes to school half days when her health allows.

Abby is eligible for both Cadaver & Living Donor Liver Transplant. If you are interested in being tested to see if you are a match, you must be between the ages of 18-50, healthy and have Type O Blood. You can then call Angela Barber at 412-647-5489 and tell her you are calling for Abby Bowser.
